

Paul Mcmillan

Nuke Compositor, Video Editor, Content Creator

Profile

I thrive on embracing new challenges and pushing myself to excel, both mentally and physically. I have a genuine passion for compositing, as well as any work that tests my creativity and ability to perform well under pressure.

Education

Visual Effects and Motion Graphics, University of South Wales, Cardiff

September 2020 — June 2023

I graduated from University with a First Class Honours. Throughout my academic journey, I seamlessly balanced my coursework with a myriad of external projects, showcasing my ability to thrive in a demanding environment, which I am extremely proud of.

Employment History

Compositor for S4C

Created a Title Sequence for the S4C documentary "Wrexham" focused on Ryan Reynolds's purchase of Wrexham's football club.

Nuke Compositor at Iris Prize

Worked on the Bafta Cymru nominated film "Cardiff". Role included tracked Sky Replacement as well as a boat in the distance, Learnt how industry workflows work as well as ShotGrid!

Content Creator at Major Fitness

July 2023 — February 2024

As a Content Producer for Major Fitness, I was responsible for the end-to-end creation and delivery of engaging short-form content tailored to the company's brand and marketing objectives.

Student Ambassador at University of South Wales

Since starting University, I was one of few to become a USW ambassador and since then I have developed many skills through being a Camera operator, Presenter, Compositor and editor.

Lead Camera Operator - Badwolf

I managed a full team of Camera Operators for Bad Wolf's "His Dark Material's" showcase. I learnt the skill of leading a team.

Lighting Trainee at Firebug Lighting

My role included lighting set up and de rig for the successful show "Cardiff" starring Ruth Madoc. I learnt the role of team work in film.

Data Wrangler at Channel 4
